In this price list for 1933 you will find the old standard varieties as well as the new ones priced far below the cost of their production. We are forced to lower our prices almost half that of last year's prices. The reason is due to the market conditions. Our long years of experience however have proven to us that price cutting is just as harmful to the purchaser as it is to the producer. However we have cut our prices and we hope that you may find the values within this catalogue suitable to your needs.

## GENERAL INFORMATION

We guarantee all Dahlia divisions to be true to name, strong field grown tubers with visible crown.

All goods received unsatisfactory must be returned at once if adjustment is expected.

**TERMS:** Cash with order from all parties unknown to us, or satisfactory references required.

Prices in this list are net.

Quotations given for green plants for May and JUNE delivery. Special quotations on large quantities in clumps or division.
